CLAY CITY, KY., THURSDAY SEPTEMBER 21, 1911.

NO. 38

A WORD FOR LOCAL OPTION.

Since coming to Clay City ten years ago the whiskey people of this town have treated us better than the church people. They are liberal, generous, obliging and courteous. They have made no effort to debauch the writer, have never invited us to their place of business, neither have we ever been invited by any individual in this length of time to take a drink of liquor. We have tried to live a discreet and sober life, and no whiskey man has tried to divert us from our path. After all, it is then with the man. But then again, all men are not alike. But few men can resist the temptation of the evil of drink when set before them, and particularly is this the case with the young men. Then away with the temptation; away with the business. The further away is the influence of evil the less liable we are to become contaminated with evil.

Powell county will vote Sept. 30th on the question of whether or not liquor shall be sold in the county. Now is the time to remove the inducements; to remove the temptations of those men who cannot resist it, and our boys. There are hundreds of drinking men who vote against liquor to get the curse away from them. They do this because prohibition, if not always, does sometimes prohibit.

They tell you with local option the law is violated and whiskey is consumed just the same. The liquor laws are violated now ten times to where they are violated once in local option territory. Every time a minor gets a drink of liquor the law is violated; every time more than a gallon of liquor goes out of Clay City, the law is violated; every time a man who is in the habit of get-

ting drunk is sold or furnished liquor, the law is violated; every time liquor is sold on Sunday the law is violated. Then, taking all these sources of violations into consideration, any man who has observed closely about these places is compelled to say the liquor laws are violated on the account of liquor being sold here no less than one hundred times a day. Do you think it could be worse under local option control?

The saloon men of Clay City do not make all of these violations. Most of them aim to pretty closely observe the law but they cannot prevent a man from getting liquor and giving it to a boy. Their idea is to do business, and not follow up their liquor to see that it is rightfully used. When they sell five gallons of liquor to a man as they have a right to do, they cannot see that it is legally drunk; they cannot follow it up and see that it is not taken out of town into local option territory and there used to make men drunk, and where these men go along the public highways, cursing, hollering and shooting, making life to peaceable citizens a misery, causing women and children restless hours at nights in some homes, and hungry mouths in the homes of some of those who do the cursing and shooting. They do not attempt to see that the liquor they sell is not purchased indirectly for inebriates. Then we see the saloon man may not violate the law in his sales, and yet the law after these sales are legally made be violated in hundreds of other ways. We conclude then that we must do away with the traffic, for we cannot follow up this liquor and see that it is all legally consumed and disposed of, since though it has been legally sold over the

bar in Clay City. Thus we see to stop the violations of the law after it is sold we are compelled to stop its sales. That is what the people of Powell county are expected to do Sept. 30th.

The Times could prefer to say but little about the liquor question, feeling that this is out of politics, and but little news value is contained in it, but the editor is uncompromisingly in favor of temperance in all things except intoxicating liquors, then we favor total abstinence for every man and boy in the land, and in the pending of the present local option fight we cannot sit idly by and not raise our voice in the cause. We have nothing but good will for the men engaged in the traffic. Personally we like them well, and would gladly do them any favor outside their liquor business. But there are other interests. These interests bear heavily on the morals of the community; they bear heavily on the community in the financial circle; they bear heavily on the supply of food and clothing in many poor homes of the county; they bear heavily on the peace and general reputation of the county as a whole, and greatest of all, they bear heavily on the soul of man in the Great Beyond. The Book plainly tells us "no drunkard can enter" where we all hope to go. This is the all of our existence and everything should be made subservient to our Master's will and we believe it His will that the business be closed up. Thus we cannot refuse to raise our voice to champion the cause of what we believe to be Divine and right to all people.

Mrs. A. M. Burgher underwent an operation in the Good Samaritan hospital at Lexington yesterday for a serious trouble of long standing. She rallied from the operation and when last heard from was getting along as well as could be expected.

The Boone's Creek Baptist Association which convened at Irvine last week got through with the business in two days instead of three, the usual time required. The Association will next year meet with the Powell's Valley church near this city.

The Democrats do not need to shoot President Taft full of holes in order to show his weakness, misdeeds and abject submission to the "big interests" as the Insurgent Republicans are doing this work for them and doing it well.

Senator Works of California, a Republican says Taft is a willing tool in the hands of the great trusts and that he has brought his party face to face with the greatest crisis in its history.

In a recent speech Senator Clapp, of Minnesota, a life-long Republican and a vigorous supporter of President Roosevelt's administration has denounced President Taft in flaming words for his veto of the bill admitting to Statehood Arizona and New Mexico, which was vetoed simply on the ground that Arizona had "the recall" provision in her constitution. They have gone so far as to charge that President Taft is trying to turn the presidency into an imperial office and thus deprive the American people of self-government for our judges, if they cannot be recalled are our masters and real rulers and sent of the power of the great trusts. Our judges are our Imperial rulers.

O'Rear says "hush" when the National administration is mentioned, "that's not in this campaign". We will hush if you will tell us that you do not endorse John W. Langley though he is your campaign manager, because he voted against reciprocity, the farmers' free list bill and

other measures for the relief of the farmers, and that you will not appoint Bradley, the "Greatest Living Kentuckian" and noted standpatter to the Senate in case of a vacancy; that you do not indorse the pardoning of the murderers of Governor Goebel, and that Powers' speeches in your behalf are not wanted and are unwelcome praises.

You needn't say again that you are a "Progressive Republican of the Strongest Type." The people know Langley, they know Bradley, and so long as you honey with them as you are doing the people will believe you are one of the same stripe, but posing as a friend of the people.

The Insurgent Republican organization which controls nearly all the important states west of the Mississippi is a vigorous one which as now perfected is being extended through other parts of the country in an effort to defeat the renomination of President Taft next year.

It would be to the interest of the Democrats to have Mr. Taft renominated because he could be defeated about as easily as any man in the Republican party where as the nomination of a man like LaFollette of Wisconsin or Cummings of Iowa would cause more than a substantial fight by the Democrats, but, however, the Democratic victory would be quite certain.

Justice O'Rear is making a splendid campaign when it comes to dodging and flinching. He evidently is much better than his party, but his attention should be directed to purify his party instead of petting those who need purging so bad. One thing is sure, if O'Rear is right and he and his party get together, then O'Rear is wrong.

Any man is not fit for office who will do that which he knows is not right, but does it because he knows it will displease some one he does not like. A broad minded official looks to the best interest of all the people.

Ex-Lieutenant Governor Bill Thorne says the Republican platforms and railroad train platforms are the same in that they are both made to get in on but not to stand on.

Foot ball practice has begun all over the country, but the diamond will crowd the gridiron off the bulletin boards until the base ball agony is over.

There were thirty thousand people at the big Democratic barbecue in Nicholas county last week and noted speakers were numerous.

Trying to force good men to low down measures by holding out alluring inducements is like leading a horse to water when he doesn't want to drink.

Even nature is in revolt against the sugar trust. Peaches are said to be sweeter than usual this fall.

Taft is going to spend \$18,000 of the people's money to swing around the circle to tell how he swung the veto pen.

Lower Taxes would be a most desirable change, but since that seems to be out of the question just now, the best thing to do is to save tax money by making your purchases at

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE It is the best medicine ever sold over a druggist's counter.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Wainut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.
